

To whom it may concern

As a Managing Director who works and lives in Slovakia and is constantly travelling to other countries for business, I am often in need of a reliable interpreter

Zuzana is my Slovak teacher and I appreciate her professional approach to teaching. That was one reason why I asked for her help to translate a business meeting.

I was impressed with her ability to react instantly and fluently translate in real-time.

Since then Mgr. Zuzana Bencúrová has been translating for me and my company regularly and I am very satisfied with her professionalism and language skills.

I would recommend Zuzana Bencúrová as an excellent interpreter.
